## ISG DOES LONDON!

MYP 4/5 at the London Dungeons!

On November 19th, the International School Groningen left for a trip to London. London, known for the Buckingham Palace, Big Ben, its several Art centers and many other places of interest had attracted ISG.

The travel to London; beginning at Shell Station, to France for the ferry across to Dover, England, and eventually arriving in London at Equity Point.

Spaghetti House, the last stop for the day, this was a nice and neat Italian restaurant.

Food being delicious as it was, before the students knew it they were in the hostel sleeping.

Shakespeare's Globe Theatre, fascinating as it was again in no time the students were walking through Tate Modern. Students and teachers had enjoyed their free time in Oxford Street. "Dinner at the Hard Rock Café had made the day complete" said one student.

### London!

A place for business, a place for shopping, a place for fun! This trip organized by teachers was as students said AMAZING! The sights that were seen were astonishing, art museums giving the students inspiration, sights that made memories. Students enjoyed themselves so much on the trip that they said they would definitely do the trip again. Many pupils had adored the play "Wicked" shown at the Apollo Victoria Theater.

The younger students enjoyed themselves very much the last day at the London Dungeons, some scared to nearly crying and some barely bothered, yet they enjoyed the experience. They had also enjoyed the sights of London, for some it was a first and for others it was a second sight, nevertheless they were all dumbfounded by the marvels. As younger pupils arrived and had a tour of the BBC studios, older students had relished their free time.

All in all, besides a few hiccups with some students, many said it was a very enjoyable trip with many educational events and many fun, exciting fragments.

From all students a big Thanks! to the teachers whom organized the trip!
