

Vacancy International School Groningen:

MYP Physics and Maths

School Name: International School Groningen / Maartenscollege

Country: Netherlands

Brief Description of School:

The International School Groningen is located in Haren, just south of the city of Groningen in the Netherlands.

The international school Groningen forms a separate part of the bilingual Dutch (mavo, havo, VWO) secondary school the Maartenscollege.

Both schools offer the IBMYP, and the international school also offers the IBDP in grades 11 and 12. The international school Groningen has approximately 180 students from grade 7 to grade 12, the Maartenscollege has approximately 800 students from grade 8 to grade 12.

The schools are themselves part of a larger group of schools: the Stichting Carmelcollege.

International School Groningen
is an IB World School and part
of Maartenscollege.

Description of Position:

We have an opportunity for a qualified teacher of Science (Physics) and Mathematics from 01 August 2021.

We are looking for someone with a strong teaching pedagogy, and preferably with experience in the IB Middle Years Programme or an IB world school.

You must be able to teach Science (Physics) and Mathematics up to grade 10 and would be also willing to take a role in the school's pastoral system.

The position is with an expectation of an approximate 0.7 contract, initially for one year. However, there may be opportunity to add a second temporary year leading to a permanent contract.

So, if you...

- are an experienced and qualified* teacher who can help further develop the International Baccalaureate MYP programme at the school,
- are someone who is highly dynamic and motivated and who can differentiate in a mixed ability setting,
- have an awareness of the needs of an intercultural environment in a Dutch national setting,
- are interested in taking an active role within the international school,

and would love to work in a highly successful and well-resourced international school in the north of the Netherlands, we would love to hear from you!

**We are only able to consider qualified teachers with a European (or equivalent) teaching qualification for the subject as recognised by the Dutch Government (a DUO recognition)*

What we can offer you...

- salary: scale LB according to the national work agreement, the CAO VO, (maximum €4301 gross per month for a full-time position)
- laptop,
- 6% bonus in December
- 8% bonus in May
- excellent pension arrangement
- personal budget of 50 hours per year for extra leave or task reduction
- work-related travel reimbursement
- discount for medical insurance

and, where appropriate,

- a relocation allowance of maximum € 2500
- 'a settling in allowance' of maximum € 5000

In addition, part of the salary above a minimum threshold (up to 30% of total salary) remains tax-free for foreign hires during the first five years of employment in the Netherlands *minus any periods you might have previously worked or resided in the Netherlands.*

We offer a supportive and dynamic team of teachers and a well-resourced working environment. We offer the opportunity to receive high quality professional development and to join a network of IB teachers working in over 2500 schools around the world.

This is, therefore, an excellent opportunity to gain experience in a highly successful IB World School in the north of the Netherlands.

Please apply with your most recent curriculum vitae, and a letter of motivation, as well as the contact details of two referees, to:

Ms Simone Hartholt, Deputy Head (MYP)

email: s.hartholt@maartens.nl

telephone: +31 50 5340084

For residents of the Netherlands you may also apply online via:
